“From the Ashes” June 22- 7PM - UUF

“From the Ashes” is a film that captures Americans in communities across the country as they wrestle with the legacy of the coal industry and what its future should be under the Trump Administration.

From Appalachia to the West’s Powder River Basin, the film goes beyond the rhetoric of the “war on coal” to present compelling and often heartbreaking stories about what’s at stake for our economy, health, and climate. From the Ashes invites audiences to learn more about an industry on the edge and what it means for their lives. Learn more: <https://www.fromtheashesfilm.com/>.

We are showing this film in conjunction with Interfaith Power and Light(<http://www.interfaithpowerandlight.org/>) which provided the film by the National Geographic Society to build interest in it before its broadcast premier later in June. Invitations will be sent to the nearby Quaker church, Harford Climate Action, and Together We Will.

We need volunteers to help with the organizing and to provide refreshments. Please contact Kern Rites
